Principal Investigators

Irene Hana Flønes

Institution

Helse Bergen HF

Contact information of lead PI

Country

Norway

Title of project or programme

A common mitochondrial pathogenesis for Parkinson's disease: elucidating disease mechanisms and designing treatments

Source of funding information

Western Norway Regional Health Authority

Total sum awarded (Euro)

€ 270,968

Start date of award

04/01/2016

Total duration of award in years

3

Keywords

Research Abstract
