

CBC Biotec Biobank

<https://neurodegenerationresearch.eu/survey/cbc-biotec-biobank/>

Name of bioresource/bank

CBC Biotec Biobank

Name of Principal Investigator

Title Doctor

First name ZABOT

Last name Marie-Therese

Address of institution where award is held

Institution Hospices Civils de Lyon

Street Address BP 2251 – 3 quai des Celestins

City LYON Cedex 02

Postcode 69229

Country

France

Website

<http://www.chu-lyon.fr>

Contact email (e.g. manager or coordinator)

marie-therese.zabot@chu-lyon.fr

Funding source

Q1 What conditions does your resource cover?

Motor neurone diseases

Spinocerebellar ataxia (SCA)

Spinal muscular atrophy (SMA)

Neurodegenerative disease in general

Q2a What DNA collection does your resources hold?

101-1000 donors

Q2b What cell lines does your resource hold?

Above 1000 distinct cell lines

Q2c What tissue (including post-mortem tissue) does your resource hold?

1-100 donors

Q3 Are human tissues/samples/DNA from

Living donors: blood derivatives

Living donors: DNA

Living donors: skeletal muscle biopsy

Living donors: other, please specify below

Post-mortem donors: other (specify)

Q4 Are tissues/samples/DNA from

Healthy individuals/control donors

Patients

Q5 Can samples be linked to clinical (phenotypic) information and if so, is this information:

Routinely collected as medical records

In a specific study-associated dataset

Collected as part of a specific clinical trial(s)

Q6 In what form are samples supplied?

Secondary samples:(derivatives of primary samples)

Secondary samples: DNA

Secondary samples: cell lines derived from primary samples

Secondary samples: other types of cell lines

Q7 Are biomarkers/analytes/biological characteristics already measured and the information available for your samples?

In most samples

Q8 What is the status of your tissue/sample/DNA collection?

Q9 What are the rules and procedures for access?

Apply to PI or co-ordinator at resource

Access Committee mechanism

International access

Access to industry

Access for pilot studies permitted

Access restricted to peer-reviewed work

Applicant needs to provide separate external ethics approval

Resource has own ethics approval so usually no need for separate external ethics approval
