Principal Investigators

Koch

Institution

Eberhard Karls Universität Tübingen

Contact information of lead PI

Country

Germany

Title of project or programme

Development of new therapies for the treatment of Alzheimer's disease and / or multiple sclerosis by modulation of oxidative stress in combination with new selective inhibitors

Source of funding information

Federal Ministry of Education and Research (BMBF)

Total sum awarded (Euro)

€ 1,022,807

Start date of award

01/04/2015

Total duration of award in years

2.9

The project/programme is most relevant to:

Alzheimer's disease & other dementias

Keywords

Research Abstract

Lay Summary

Further information available at:

Types:

Investments > €500k
