DNA and cell bank of the Cricm

https://neurodegenerationresearch.eu/survey/dna-and-cell-bank-of-the-cricm/ Name of bioresource/bank

DNA and cell bank of the Cricm

Name of Principal Investigator Title Professor

Title Professor First name Alexis

Last name BRICE

Address of institution where award is held

Institution Cricm Street Address City PARIS Postcode 75013 Country France Website

http://www.cricm.upmc.fr/

Contact email (e.g. manager or coordinator)

sylvie.forlani@upmc.fr

Funding source

*French public research fundings from:
-research organisations (Inserm, CNRS) and universities (UPMC PARIS 6)
– research programs (ANR, national research agency; PHRC: hospital programs for clinical research)
*European research initiatives (FP6, FP7, e-rare Eranet)
*Few private funds from lab companies

Q1 What conditions does your resource cover? Neurodegenerative disease in general Q2a What DNA collection does your resources hold? Above 5000 donors Q2b What cell lines does your resource hold? Above 1000 distinct cell lines Q2c What tissue (including post-mortem tissue) does your resource hold? None Q3 Are human tissues/samples/DNA from Living donors: blood derivatives Living donors: blood derivatives Living donors: DNA Living donors: other, please specify below Q4 Are tissues/samples/DNA from

Healthy individuals/control donors Patients Q5 Can samples be linked to clinical (phenotypic) information and if so, is this information: Routinely collected as medical records In a specific study-associated dataset Q6 In what form are samples supplied? Primary Samples: Stabilised samples (frozen or fixed) Secondary samples: plasma Secondary samples: DNA Secondary samples: cell lines derived from primary samples Secondary samples: other types of cell lines Secondary samples: other (please specify) Q7 Are biomarkers/analytes/biological characteristics already measured and the information available for your samples? No Q8 What is the status of your tissue/sample/DNA collection? Q9 What are the rules and procedures for access? Apply to PI or co-ordinator at resource Access through collaboration with PI only International access Access to industry

Access for pilot studies permitted

Applicant needs to provide separate external ethics approval
