Principal Investigators

ANHEIM Mathieu

Institution

Hôpitaux Universitaires de Strasbourg

Contact information of lead PI

Country

France

Title of project or programme

Etude de l'efficacité de la pimavaserin sur les troubles du contrôle des impulsions dans la maladie de Parkinson. Study of the efficacy of pimavaserin on impulse control disorders in Parkinson's disease.

Source of funding information

DGOS

Total sum awarded (Euro)

€ 539,341

Start date of award

xx/xx/2015

Total duration of award in years

3.0

The project/programme is most relevant to:

Parkinson's disease & PD-related disorders

Keywords

Research Abstract

Lay Summary
