Title of project or programme

EUropean Research initiative to develop Imaging Probes for early In-vivo Diagnosis and Evaluation of response to therapeutic Substances (EURIPIDES)

Principal Investigators of project/programme grant

Title	Forname	Surname	Institution	Country
Professor Matthias			UNIVERSITY COLLEGE LONDON	UK

Address of institution of lead PI

Institution UNIVERSITY COLLEGE LONDON

Street Address

City London

Postcode

Country

United Kingdom

Source of funding information

European Commission

Total sum awarded (Euro)

6994850

Start date of award

01-02-2008

Total duration of award in months

48

The project/programme is most relevant to

- Alzheimer's disease and other dementias

Keywords

neurodegeneration,molecular imaging,polymorphisms,P-glycoprotein,pharmacoresistance,blood-brain-barrier,prediction of treatment response

Research abstract in English
