

Imaging corticostriatal loop dysfunction during skilled locomotion of Parkinsonian mice

<https://www.neurodegenerationresearch.eu/survey/imaging-corticostriatal-loop-dysfunction-during-skilled-locomotion-of-parkinsonian-mice/>

Principal Investigators

Fritjof Helmchen

Institution

University of Zurich

Contact information of lead PI

Country

Switzerland

Title of project or programme

Imaging corticostriatal loop dysfunction during skilled locomotion of Parkinsonian mice

Source of funding information

Synopsis Foundation - Alzheimer Research Switzerland ARS

Total sum awarded (Euro)

€ 321,050

Start date of award

Total duration of award in years

3

Keywords

Research Abstract
