Title of project/programme

Improve the health and wellbeing of older people and the quality of community care they receive, especially for people living with dementia.

Source of funding information

NIHR

Total sum awarded (Euro)

€ 1,728,519

Start date of award

01/05/12

Total duration of award in years

5.0

The project/programme is most relevant to:

Alzheimer's disease & other dementias

Keywords

Dementia

Research Abstract

Dementia presents one of the major care challenges for the 21st century. Professor Robinson's research aims to improve the quality of community care for people with dementia and create a skilled and motivated NHS workforce to deliver such care.
