Principal Investigators

Prof Graham Kerr

Institution

Queensland University of Technology

Contact information of lead PI

Country

Australia

Title of project or programme

Improving postural stability in people with Parkinson's disease using textured insoles.

Source of funding information

National Health and Medical Research Council

Total sum awarded (Euro)

€ 676,444

Start date of award

01/01/2013

Total duration of award in years

4.0

The project/programme is most relevant to:

Parkinson's disease & PD-related disorders

Keywords

Research Abstract

Lay Summary
