Name of Resource (to include any acronym)

Question

Name of Resource

Irish ALS Research Group

Related

Name of Principal Investigator - Title

Prof

Name of Principal Investigator - First Name

Orla

Name of Principal Investigator - Last Name

Hardiman

Address of institution -Institution

Trinity College London

Address of institution - Street address

College Green

Address of institution - City

Dublin

Address of institution - Postcode

2

Country

Ireland

Website

Contact email

Purpose of resource

Complex genetics of ALS and FTD

Q1. Is the resource?

General (e.g. DNA sequence, proteomic data)|Designed for use in clinical neurosciences research

Please Specify

Q2. Does the resource specifically provide for any of the neurodegenerative diseases/disease subtypes specified below?

Motor neurone disease

Q3a. Is the resource accessible to the research community?

No

Q3b. If yes, what procedures and rules apply for access?

Apply to PI or coordinator at resource

Q4a. What type of data is provided?

GWAS & WGS|Deep Phenotype|Spectral EEG|3T imaging|Detailed neuropsychological assessments

Please describe

Q4b. More generally are there other data available through the resource that you think may be useful to researchers in the context of the above conditions?

Cognitive Function|Motor Function|Pharmacological Function

Please describe

Q5a. Is maintenance of this resource dependent on continued funding?

Yes

Q5b. If yes, when does the current funding period end?

01/01/2020

Q5c. Are there plans to secure further funding beyond this period?

Yes

If YES please specify for how long in years

10

Q5d. What is the expected lifespan of the resource (in years)?

Indefinite

Q5e. Are there other plans affecting future use that it may be useful to know?

We are part of a number of large Consortia

Types:

Bio/Neuroinformatic Resources

Member States:

Ireland

Diseases:

Motor neurone diseases

Years:

2016

Database Categories:

N/A
