## **Principal Investigators**

DESTEE Alain

## **Institution**

CHR Lille

## **Contact information of lead PI**

### **Country**

France

## **Title of project or programme**

Marqueurs précoce de la maladie de Parkinson liés aux dérèglements des voies de la survie cellulaire. Early markers of Parkinson's disease related to disorders of cell survival pathways

## **Source of funding information**

DGOS

## **Total sum awarded (Euro)**

€ 988,000

## **Start date of award**

xx/xx/2010

## **Total duration of award in years**

6.0

## **The project/programme is most relevant to:**

Parkinson's disease & PD-related disorders

**Keywords**

**Research Abstract**

**Lay Summary**

**Further information available at:**

**Types:**

Investments > €500k

**Member States:**

France

**Diseases:**

Parkinson's disease & PD-related disorders

**Years:**

2016

**Database Categories:**

N/A

**Database Tags:**
