### **Name of Fellow**

Sofia Jacob

### **Institution**

### **Funder**

### **Contact information of fellow**

### **Country**

Belgium

### **Title of project/programme**

Neurofysiologische visualisatie van brein netwerk-activiteit betrokken bij cognitief herstel in neurodegeneratie. Neurophysiological visualization of brain network activity associated with cognitive rehabilitation in neurodegeneration.

### **Source of funding information**

### **Total sum awarded (Euro)**

€ 206,034

### **Start date of award**

01/09/15

### **Total duration of award in years**

4.0

### **The project/programme is most relevant to:**

Alzheimer's disease & other dementias

### **Keywords**

neurale circuits karakteriseren | cognitief gedrag | farmacologische en elektrische manipulatie | Alzheimer | geheugen en netwerk stabiliteit

## **Research Abstract**

### **Types:**

Fellowships

### **Member States:**

Belgium

### **Diseases:**

Alzheimer's disease & other dementias

### **Years:**

2016

### **Database Categories:**

N/A

### **Database Tags:**

N/A
