Project/infrastructure description

Examinations can be carried out on rodents and primates in biosafety level 1, 2 or 3 confinement. The magnet is sealed in a hermetic sarcophagus, making it possible to carry out maintenance interventions on the magnet in confinement conditions.

Date funding committed

01/01/2013

Date infrastructure operational

01/01/2014

Total capital cost (Euros)

Part of FLI (€14,000000 total)

Does the 'Total Capital Cost' include other associated costs?

Current infrastructure status

Operational
