Project/infrastructure description

The Norwegian Research School in Neuroscience (NRSN) works to coordinate and improve educational activities for PhD candidates in neuroscience. By combining the specific expertise of four partner institutions (NTNU, University of Oslo, University of Bergen and Norwegian University of Life Sciences), NRSN aims to facilitate the PhD research training that will enable the next generation of Norwegian-trained neuroscientists to face the great challenges and opportunities in the field.

Date funding committed

01/03/2013

Date infrastructure operational

01/03/2013

Total capital cost (Euros)

€ 2,476,587

Does the 'Total Capital Cost' include other associated costs?

No

Current infrastructure status

Operational

Is this entry applicable to another section of this questionnaire?

National/Regional Research Networks
