Principal Investigators

Dr Danielle Leighton

Institution

University of Edinburgh

Contact information of lead PI

Country

United Kingdom

Title of project or programme

Population based genotype-phenotype correlation to stratify incident cases of patients with motor neurone disease in Scotland from 2015-2017

Source of funding information

MND Association provides this amount to the Scottish Chief Scientist's office, who pay the full fellowship grant. MND Scotland also contribute.

Total sum awarded (Euro)

€ 86,156

Start date of award

05/08/2015

Total duration of award in years

3

Keywords

Research Abstract
