## Principal Investigators

Anne PAVY LE TRAON

## Institution

CHU Toulouse

## Contact information of lead PI Country

France

## Title of project or programme

Relation entre hypotension et somnolence post-prandiale chez le parkinsonien : utilisation du modèle d'hyperglycémie provoquée par voie orale HGPO. Relationship between hypotension and post-prandial somnolence in Parkinson's: use of the model of oral hyperglycemia HGPO.

## Source of funding information

DGOS

## Total sum awarded (Euro)

€ 142,925

## Start date of award

xx/xx/2011

## Total duration of award in years

5
