Principal Investigators

Yvonne Nolan

Institution

University College Cork

Contact information of lead PI

Country

Ireland

Title of project or programme

The nuclear receptor TLX as a cell intrinsic regulator underlying inflammation and stress-induced changes in hippocampal neurogenesis: relevance to cognitive disorders

Source of funding information

Science Foundation Ireland

Total sum awarded (Euro)

€ 843,073

Start date of award

01/04/2013

Total duration of award in years

4.0

The project/programme is most relevant to:

Neurodegenerative disease in general

Keywords

Research Abstract

Lay Summary

Further information available at:

Types:

Investments > €500k

Member States:

Ireland

Diseases:

Neurodegenerative disease in general

Years:

2016
