

CLIPs: linking neuronal microtubule behaviour to disorders of the brain

<https://www.neurodegenerationresearch.eu/survey/title-of-piclips-linking-neuronal-microtubule-behaviour-to-disorders-of-the-brain/>

Title of project or programme

Title of PI CLIPs: linking neuronal microtubule behaviour to disorders of the brain

Principal Investigators of project/programme grant

Title	Forname	Surname	Institution	Country
Dr	Niels	Galjart	Erasmus University Medical Center	Netherlands

Address of institution of lead PI

Institution Erasmus University Medical Center

Street Address 's-Gravendijkwal 230

City Rotterdam

Postcode 3015 CE

Country

- Netherlands

Source of funding information

Netherlands Organisation for Health Research and Development (ZonMw)

Total sum awarded (Euro)

670064

Start date of award

1-10-2008

Total duration of award in months

48

The project/programme is most relevant to

- Neurodegenerative disease in general

Keywords

Plus-end tracking proteins, microtubule, neuron, neuronal migration, williams syndrome

Research abstract in English

Lay Summary

In which category does this research fall?

- Basic research
