Title of project or programme

Title of PI Neuro-enhancement Program for Inequalities in Elder Lives (NIEL)

Principal Investigators of project/programme grant

Title	Forname	Surname	Institution	Country
Professor Ian		Robertson	Trinity College Dublin	Ireland

Address of institution of lead PI

Institution Trinity College Dublin
Street Address College Green
City Dublin
Postcode D2

Country

- Ireland

Source of funding information

The Atlantic Philanthropies

Total sum awarded (Euro)

2500000

Start date of award

01-10-2009

Total duration of award in months

48

The project/programme is most relevant to

- Alzheimer's disease and other dementias

Keywords

translational neuroscience, cognitive decline, cognitive training, cognitive enhancement, brain stimulation, prevention

Research abstract in English

To develop a new programme for cognitive enhancement and dementia prevention. This initiative

aims to shift the paradigm by developing interventions combining external brain stimulation, cognitive training and pharmaceuticals, that can halt or slow cognitive decline especially in high risk, socially disadvantaged populations of older people.

Lay Summary

In which category does this research fall?

- Clinical research
