

Roslin Institute (Neuropathogenesis)

<https://www.neurodegenerationresearch.eu/survey/title-of-piroslin-institute-neuropathogenesis/>

Title of COE

Title of PI Roslin Institute (Neuropathogenesis)

Mission of COE

The Roslin Institute's mission is to gain fundamental understanding of genetic, cellular, organ and systems bioscience underpinning common mechanisms of animal development and pathology, and to drive this into prevention and treatment of important veterinary diseases and develop sustainable farm animal production systems

Director

Title Professor

First name David

Last name Hume

COE Principal Investigators

Title	First name	Last name
Dr	Rona	Baron
Dr	Andrew	Gill
Dr	Wilfred	Goldmann
Professor	Nora	Hunter
Dr	Neil	Mabbott
Professor	Jean	Manson

Address of institution where award is held

Institution The Roslin Institute

Street Address Roslin Biocentre

City Roslin

Postcode EH25 9PS

Country

United Kingdom

Date that the CoE was established

01-01-1993

If it has specific relevance to a neurodegenerative disease please select up to three of the following

Prion disease

Funding sources

1 BBSRC

2 FSA

3 Defra

4 MRC

5 DH

Start date for current core award

01-01-2006

Duration of current core award (months)

60

Funding amount of current core award (Euro)

0
