

# Transversal approach of the role of the subthalamic nucleus in motivation and drug addiction: from rats to parkinsonian patients

<https://www.neurodegenerationresearch.eu/survey/title-of-pitransversal-approach-of-the-role-of-the-subthalamic-nucleus-in-motivation-and-drug-addiction-from-rats-to-parkinsonian-patients/>

## Title of project or programme

Title of PI Transversal approach of the role of the subthalamic nucleus in motivation and drug addiction: from rats to parkinsonian patients

## Principal Investigators of project/programme grant

Title	Forname	Surname	Institution	Country
Research Director	Christelle	BAUNEZ	CNRS	France
Research Director	Martine	CADOR	CNRS	France
Univ. Prof. And Hospital Practitioner	Jean-Philippe	AZULAY	CHU Timone Marseille	France

## Address of institution of lead PI

Institution

Street Address 3, place Victor-Hugo

City Marseille

Postcode 13331

## Country

- France

## Source of funding information

Agence Nationale de la Recherche

## Total sum awarded (Euro)

589014

## Start date of award

01-01-2010

## Total duration of award in months

36

## The project/programme is most relevant to

- Parkinson's disease

## Keywords

Research abstract in English

Lay summary

**In which category does this research fall?**

- Basic research
