Principal Investigators

Wojtecki

Institution

Heinrich-Heine-Universität Düsseldorf

Contact information of lead PI

Country

Germany

Title of project or programme

Uncertainty monitoring versus inhibition control: The role of subclade nuclues and effects of deep brain stimulation on oscillatory neuronal networks in Parkinson's disease compared to compulsive disorder

Source of funding information

Federal Ministry of Education and Research (BMBF)

Total sum awarded (Euro)

€ 314,680

Start date of award

01/08/2014

Total duration of award in years

2.9

Keywords

Research Abstract

Further information available at:

Types:

Investments < €500k

Member States:

Germany

Diseases:
