

JPND call for proposals

European research projects on neurodegenerative diseases: risk and protective factors, longitudinal cohort approaches and advanced experimental models

Country: Poland
Organisation: NCBR

Who is addressed by this information?

This document contains information on specific requirements for researchers applying for NCBR funding. Following the specific requirements is mandatory. To make sure that all requirements are met and to receive latest information, please contact the respective national contact point.

Contact

Funding organisation	Narodowe Centrum Badan i Rozwoju (NCBR)
National contact point	Katarzyna Moczulska Project coordinator Section for Management of research programmes BIOMED Programme Management Department e-mail: katarzyna.moczulska@ncbr.gov.pl phone: +48 515 061 519

Eligibility

Eligible Institutions	<ul style="list-style-type: none">• Research organizations• Micro, Small, Medium and Large Enterprise• Research consortia, Scientific network, Industrial Scientific Centre; Scientific units of the Polish Academy of Sciences Organization must be registered in Poland.
Eligible topics	The call topics listed below are supported by organisation. Applying for funding for any other topic is not permitted. Topic 2: Longitudinal cohort approaches in neurodegenerative diseases Topic 3: Advanced experimental models of neurodegenerative diseases
Additional requirements	All proposals must be aligned with National regulations, inter alia: <ul style="list-style-type: none">• The Act of 30 April 2010 on the Principles of Financing Science, published in Journal of Laws No. 96 item 615, 2010;

	<ul style="list-style-type: none"> • The Act of 30 April 2010 on the National Centre for Research and Development, published in Journal of Laws No. 96 item 616, 2010; • The Regulation of the Minister of Science and Higher Education on criteria and rules on granting state aid and “de minimis” aid by the National Centre for Research and Development

Budget

Total earmarked national budget	0.4 Mio. €
Anticipated no. of funded groups	2 - 4
Fundable costs	<p><u>Funding rates</u></p> <p>Funding quota of Polish participants can be up to 100% for universities or research organisations. In case of enterprises, funding quota will be decided on a case-by-case basis depending on the size of the company, type of research/development, risk associated with the research activities and commercial perspective of exploitation.</p> <p>Organization must be registered in Poland.</p> <p>Eligible type of research:</p> <ul style="list-style-type: none"> • Fundamental/basic research (only research organizations will be funded) • Experimental development <p>Other type of activities (e.g. coordination, dissemination, management) is not eligible for funding as separate research tasks in the project schedule.</p> <p><u>Eligible costs</u></p> <ol style="list-style-type: none"> 1. personnel costs (researchers, technicians and other supporting staff to the extent employed on the research project); 2. costs of instruments and equipment, technical knowledge and patents to the extent and for the period used for the research project; if such instruments and equipment are not used for their full life for the research project, only the depreciation costs corresponding to the life of the research project, as calculated on the basis of good accounting practice, shall be considered eligible; 3. costs for buildings and land, to the extent and for the duration used for the research project; with regard to buildings, only the depreciation costs corresponding to the life of the research project, as calculated on the basis of good accounting practice shall be considered eligible; for land, costs of commercial transfer or actually incurred capital costs shall be eligible; 4. cost of contractual research, costs of consultancy and equivalent services used exclusively for the research activity; this cost type cannot account for

more than **70%** of all eligible costs of a project; the subcontracting can be obtained from consortium partner only in justified case, this need will be verified by a national experts panel;

5. **other operating costs** including costs of materials, supplies and similar products incurred directly as a result of the research activity;
6. **additional overheads** incurred indirectly as a result of the research project; that costs cannot account for more than **25%** of eligible project costs excluding subcontracting (4); that costs (6) are counted as a multiplication by percentage given above (called x%) and the rest of direct costs, excluding subcontracting (4); It means $6=(1+2+3+5)*x\%$.

More information about eligible costs is available on NCBR website under the following link:
