

JPND call for proposals

European research projects on neurodegenerative diseases: risk and protective factors, longitudinal cohort approaches and advanced experimental models

Country:	The Netherlands
Organisation:	ZonMw

Who is addressed by this information?

This document contains information on specific requirements for researchers applying for ZonMw funding. Following the specific requirements is mandatory. To make sure that all requirements are met and to receive latest information, please contact the respective national contact point.

Contact

Funding organisation	ZonMw- The Netherlands Organisation for Health Research and Development http://www.zonmw.nl
National contact point	Marjolein Scholten ZonMw + 31 70 3495335 Scholten@zonmw.nl

Eligibility

Eligible Institutions	Please consult http://www.zonmw.nl/nl/subsidies/voorwaarden-en-financien/ or your national contact person
Eligible topics	The call topics listed below are supported by organisation. Applying for funding for any other topic is not permitted. Topic 1: Genetic, epigenetic and environmental risk and protective factors for neurodegenerative diseases Topic 2: Longitudinal cohort approaches in neurodegenerative diseases Topic 3: Advanced experimental models of neurodegenerative diseases
Additional requirements	The Dutch funding will be part of the ZonMw research program called “Memorabel”. Memorabel supports the objectives of the Topsector Life Sciences and Health. In this call a minimum of 20% cofunding (of the total Dutch project budget in cash and/or in kind) of a private partner is required for the Dutch funding. e.g.: If the Dutch partner applies for 300.000,- from ZonMw, we expect 75.000,-

	cofinance. If the Dutch participant cannot comply to this requirement it will depend on a convincing explanation by the applicant to pass the national eligibility check as first step of the assessment procedure. We recommend to consult ZonMw beforehand.
