Eligibility

Eligible Institutions	ONLY IRCCS that are the Scientific Institutes for Research, Hospitalization and Health Care (Istituto di Ricovero e Cura a Carattere Scientifico pubblici e privati) are eligible. After the JTC 2022 peer review process has been completed and the final (scientific) ranking list has been established and endorsed by the Call Steering Committee, the Ministry of Health will invite the principal investigators of the projects approved for funding to enter the formal national negotiations (according to national regulations). Submission of annual scientific and financial reports at the national level will be required according to the rules of the Ministry of Health. Further information on the rules of the Ministry of Health can be found at www.salute.gov.it or requested to the national contact person. Further changes of the acronym and budget provided in pre-eligibility form will not be allowed .
Additional requirements	In order to expedite the eligibility check process, the Ministry of Health will grant an eligibility clearance to the applicants prior to the submission of the pre-proposals. To this end, it is mandatory that the applicants fill out and return a pre-submission eligibility check form through IRCCS Scientific Directorate, using the <i>WorkFlow della</i>

	<p><i>Ricerca</i> System, at least 10 working days (eligibility PI) and 20 working days (eligibility of subcontracts) prior the deadline of the pre-proposals submission to the Joint Call Secretariat. Applicants will receive a written notification of their eligibility status. The simultaneous participation in proposals submitted in 2022 for different transnational research calls funded by the Ministry of Health is not allowed to Italian Principal Investigators, including WP leaders. The Italian researchers can apply only once a year.</p>
